

With reference to the e-tender reference no.: FREMAA (P)/PROJ/ADB/1/2022/3847 dated 08.12.2022, a pre-bid meeting was held on 15th December, 2022 at 13:00 hrs. in hybrid mode for the assignment "Data Collection for Assessment of Economic Benefits" under the project *Climate Resilient Brahmaputra Integrated Flood and Riverbank Erosion Risk Management Project (CRBIFRERMP)* in Assam. The queries raised by the bidders in the meeting and the responses of FREMAA to the queries were as follows:

Sl. No.	Pre-Bid Queries	Replies of FREMAA
1.	Whether the bidders can keep same team for all the three assignments?	Specific team for each assignment needs to be proposed with the minimum qualification and experience of the experts mentioned in the RFQ document.
3.	What is the tentative budget estimate for the work?	The bidder should offer the best price of the services.
4.	Why separate quotations have been called for the three assignments, as all the three works are interrelated?	Though the three assignments are interrelated, each assignment has specific issues to be addressed and has different timeframe for milestone achievements. Hence, the quotations have been called separately.
5.	Is there any scope for the bidders to submit the quotations as JV?	No provision has been made for JV/Sub contracting in any of the services, except for the association/MoU/agreement with State Pollution Control Board/ Central Pollution Control Board/ NABL accredited laboratories to undertake the environmental quality monitoring services for Request for Quotation for "Data Collection for Environmental Assessment"
6.	Is there any scope to extend the last date of submission of the quotations?	Please ref to the Corrigendum-I
